

A) Reading Comprehension :Read the text below and answer the following questions ( \_\_ /10 p)

Our zoo has got animals from all over the world. There are lions, tigers and hippos and other animals from the jungle. They are quite dangerous. We've also got monkeys and squirrels. They are funny.

Not all the animals are in cages. Animals need their freedom. That's why the zebras, giraffes and kangaroos are walking around free, without cages.

They've got their "natural homes" in special areas.

Our aquarium has got seals, sharks and whales. Don't worry, they're not all swimming together!

They're in three separate pools.

Are you feeling adventurous? Then visit us for a terrific experience!
